General description of the Job Profile

Submeet Association is an Italian nonprofit organization whose mandate is to provide learning opportunities to people. Its aim is to bridge the gap between the theoretical knowledge acquired at university or at school and the reality of working in a business environment.

Specialized in Tourism and Hotel Sector as well as in Social Issues Projects, Submeet Association matches work placements with each participant's career objectives. The length of placement ranges from 3 weeks to 6 months but the longer the placement is, the better are the benefits and the competencies acquired.

Host companies are selected on the basis of their ability to provide participants a tailor made work experience, coherent with their field of interest.
